Additional Distinctions	Association Abstract	
www.abdeh.org.br	ABDEH is an independent, open, non-profit and multidisciplinary Brazilian organization, constituted by professionals and companies related to the health sector, and whose main goal is to contribute to a continuous evolution of the healthcare infrastructure, from the design to the operation, strengthening its role in the improvement of the quality of life for the Brazilian population.	

Update and Academy (September 2017 – October 2018)

(Conference, Course, Technical Educational Leading to Qualifications Seminar, Branch meeting, Congress, etc)

Kind	No.	Title	Hours
Conference	01	Clinical Engineering and Patient Safety	2
Conference	02	Guidelines for implementation of a Hyperbaric Medicine Center	2
Conference	03	Environments for the elderly: how to adapt spaces to better serve them.	2
Conference	04	Future of the health business and the impact on the architecture of buildings	2
Conference	05	The Hospital Project: the multidisciplinary approach of interest to its qualification.	2
Short Course	06	Development of Master Plan for Hospitals	10
Conference	07	Clinical Laboratories: design guidelines	2
Conference	08	The Emotional Light in Health Environments - Lighting Design	2
Conference	09	Introduction to Health Environment Architecture	2
Conference	10	Hygiene and Treatment of Hospital Waste	2
Conference	11	BIM and Hospital Maintenance	2
Conference	12	Conservation of architectural collections of health institutions. Challenges and perspectives.	2
Conference	13	Color Futures 2018 - global study of color trends	2
Short Course	14	Complementary Projects in EAS: Lighting, Electrical, Hydraulic, Medical Gases and Air Conditioning.	10
Conference	15	Clinical Engineering and Patient Safety	2
Conference	16	Environments in focus: Inclusive spaces	2
Conference	17	Future of the health business and the impact on the architecture of buildings	2
Technical Visit	18	Institute of Infectology Emilio Ribas	3

Conference	19	Projects and management of the works to reposition the BP brand, followed by a visit to the mockups of nursing homes.	2
Short Course	20	Development of Master Plan for Hospitals	10
Conference	21	BIM - From project to hospital building management	2
Technical Visit	22	Fiocruz - Castelo	2
Conference	23	Post-Occupation Evaluation of the EAS-Built Environment	2
Conference	24	Certifications of Services and Health Buildings: Impacts on project design and benefits in operation	2
Technical Visit	25	Instituto Nacional de Traumatologia - INTO	3
Conference	26	Elaboration and Implementation of a Health Service Waste Management Plan - PGRSS	2
Technical Visit	27	Models of Residences for the Elderly in Brazil - Visit to the Residencial Santa Cruz	3
Conference	28	The impacts and contributions of Architecture, Engineering and Maintenance in patient recovery.	2
Conference	29	Architecture and Health: Challenges and Perspectives.	2
Conference	30	A look at the future: the impact of the incorporation of new technologies in the requalification of health environments	2
Conference	31	Ergonomics and color in the composition of health establishments	2
Debate	32	Discussion about the IFHE-2017	2
Debate	33	Talking About Health Buildings.	2
Conference	34	Fire Protection and Project Approval in the Fire Department	2
Conference	35	Ergonomics and Health - Design aspects that influence productivity and well-being	2
Conference	36	BIM in health building projects	2
Conference	37	General aspects of routines, radioprotection and safety in Radiodiagnosis and Radiotherapy services.	2
Conference	38	Clinical Laboratory Design and Planning	2
Conference	39	Delivery Center	2
Conference	40	Updates of Standards and Air Treatment Systems for Health Establishments	2
Conference	41	Service Design in Healthcare	2
Conference	42	Health environments: Comfort and well-being from the point of view of the care team	2
Conference	43	The Emotional Light in Health Environments	2
Conference	44	The Influence of Architecture to Hospital Hospitality Promotion	2
Conference	45	Visions of Sustainability on Hospital Architecture.	2
Conference	46	Innovations and IoT in air conditioning systems for health environments	2
Conference	47	Sustainable and healthier hospitals through LEED and WELL certifications	2
Conference	48	Accreditation in Health - Building Quality!	2
Seminar	49	Long-Term Institutions for the Elderly	8
Seminar	50	Reforms in Health Care Establishments	4
Conference	51	Hospital Hospitality	2
Conference	52	Best Practices in Hospital Food Management.	2
Technical Visit	53	Oncology Units	3
Conference	54	The SUS and the hospital architecture. Universality, equity and wholeness - where does architecture come into it?	2
Conference	55	How is it possible to contribute to patient safety through hospital engineering and architecture?	2
Technical Visit	56	Specialized Rehabilitation Center	3
Conference	57	Welfare and Health, Defining the Hospital Building	2

Conference	58	Hemodialysis Service - Contextualization and applied legislation	2
Technical Visit	59	La Violetera Industries	3
Conference	60	Control of Hospital Infection and Architectural Reflexes in Healthcare Services	2
Conference	61	Clinical Engineering: Strategic Management in Patient Safety	2
Conference	62	Project for Oncology Services	2
Conference	63	Project ABNT NBR 16.651 - Fire Protection in Healthcare Services	2
Seminar	64	Annual Research Seminar of the Research Group on Architecture and Hospital Engineering – Federal University of Bahia	12

Brief activity report of the organisation (additional activities)

In addition to the 64 events listed above, which were organized by the regional ABDEH chapters located in 17 states, we have been working on the organization of our 8th biannual congress, the VIII CBDEH which will be held between October 30th and November 2nd, 2018, in the southern city of Curitiba, capital of the state of Paraná. The congress' (www.cbdeh2018.com) main theme is "Health spaces in the scenarios of tomorrow - human and technological integration in the built environment", and will feature many distinguished speakers from Brazil and Latin America, as well as Europe, Japan, USA and Canada. The association is also busy at developing new strategies of integration and partnership with other organizations, such as with the UIA-PHG, by means of the Brazilian Institute of Architects (IAB), Brazilian Federation of Hospitals (FBH), among others. We also have taken part in the Working Group organized by the National Agency of Sanitary Vigilance (ANVISA) who is responsible for the revision of the main sanitary regulation for projects of the healthcare sector, the RDC-50/2002.

Note: This document must be presented with "National Member Data Sheet" updated.

Additional Notes:

ABDEH has changed presidents in 2017, during the IFHE Seminar held in Rio de Janeiro, when former president Arch. Marcio Oliveira, who stayed in office between 2014-17 passed the seat to Arch. Emerson da Silva, who will stay as president until 2020, when the presidency will be passed on to Arch. Elisabeth Hirth, who organized the IFHE Rio event.
